KeyPlex® Blueberry DP® Formula

Chelated Micronutrients, Enhanced Alpha-Keto Acids, and Humic Acid

GUARANTEED ANALYSIS

Total Magnesium (Mg)	2.50%
2.5% Water Soluble Magnesium (Mg)	
Combined Sulfur (S)	4.00%
Boron (B)	0.02%
Iron (Fe)	2.50%
2.50% Chelated Iron (Fe)	
Zinc (Zn)	1.50%
1.50% Chelated Zinc (Zn)	
Molybdenum (Mo)	0.003%

Derived From: Magnesium Sulfate, Zinc Glucoheptonate, Iron Glucoheptonate, Sodium Borate and Sodium Molybdate.

NON-PLANT FOOD INGREDIENTS

Humic Acid	0.10%
Yeast Extract	0.06%

Purpose: To enhance nutrient uptake.
F528

INFORMATION

KeyPlex Blueberry DP Formula is a formulation of micronutrients developed for berry crops grown in pine bark or bark incorporated soils. It contains alpha-keto acids, which may facilitate utilization of micronutrients, and increase resistance to environmental stress. It also contains humic acid, which may enhance soil micronutrient availability. *KeyPlex Blueberry DP Formula* is formulated for foliar application or fertigation to prevent and correct micronutrient deficiencies when used as directed. Maintaining proper levels of micronutrients usually results in increased plant vigor, better yields, superior fruit size and quality, and longer shelf life.

DIRECTIONS FOR USE

FOLIAR APPLICATION: Use 2 to 3 quarts of *KeyPlex Blueberry DP Formula* per acre in a minimum of 30 gallons of water with ground spray equipment. Adding 3 to 5 pounds of urea per 100 gallons of water will aid leaf assimilation. **FERTIGATION:** Apply 1 to 2 quarts of *KeyPlex Blueberry DP Formula* per acre via low volume irrigation.

COMPATIBILITY

KeyPlex Blueberry DP Formula, when added to the spray tank water, will lower the water pH, and can be used in combination with pesticides. However, in unfamiliar mixtures use a "jar compatibility" test.

CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability of fitness of a particular product expressed or implied extends to the use of this product contrary to label instructions or under abnormal conditions not reasonably foreseeable by the seller, and buyer assumes the risk of any such use.

CAUTION

KEEP OUT OF THE REACH OF CHILDREN

ANTIDOTE

Ingestion: Do not induce vomiting. **Eyes:** Rinse with copious quantities of water for at least 5 minutes. **Skin:** Wash with soap and water. Remove contaminate clothing. **Inhalation:** Remove patient from contaminated area. In all cases, patient seeing a physician should follow emergency procedures.
