ByPass® Soil Treatment

GUARANTEED ANALYSIS

Total Nitrogen (N)	1.00%
0.45% Nitrate Nitrogen (N)	
0.55% Ammoniacal Nitrogen (N)	
Available Phosphate (P_2O_5)	3.00%
Soluble Potash (K_2O)	1.00%

Derived From: Phosphoric Acid, Ammonia, and Potassium Nitrate.

NON-PLANT FOOD INGREDIENTS

Humic Acid	0.10%
Yeast Extract	0.06%

Purpose: To enhance nutrient uptake.
F528

INFORMATION

ByPass contains alpha-keto acids. It is formulated for soil application to fruit trees and vegetables to overcome stress caused by moisture and temperature extremes, and pest related stresses. Timely application of ByPass at recommended rates have shown it to be a valuable asset in combating stresses to fruit trees and vegetables.

COMPATIBILITY

ByPass may be diluted with water. It is recommended that it not be mixed or used in conjunction with herbicides. ByPass can be mixed with IronPlex or KeyPlex products for the correction or prevention of micronutrient deficiencies.

DIRECTIONS FOR USE

Soil Application: *Citrus:* Apply 2 to 4 gallons of ByPass per acre to moist soil following spring flush and summer flush. This material may be applied by under-tree irrigation, spray jet, or herbicide boom. Apply 1 to 2 inches of water to the soil immediately following application to carry ByPass into the root zone of the trees. ByPass may also be used for peaches, apples, pecans, avocados, lime, mangoes and other tropical fruits. **Fertigation:** *Tomatoes, peppers, cucumbers, strawberries, squash, eggplant and other vegetables:* Apply 2 quarts per acre of ByPass before bloom initiation, and 2 quarts per acre at full bloom through via drip irrigation systems for best results.

CONDITIONS OF SALE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability of fitness of a particular product expressed or implied extends to the use of this product contrary to label instructions or under abnormal conditions not reasonably foreseeable by the seller, and buyer assumes the risk of any such use.

CAUTION

KEEP OUT OF THE REACH OF CHILDREN

ANTIDOTE

Ingestion: Do not induce vomiting. **Eyes:** Rinse with copious quantities of water for at least 5 minutes. **Skin:** Wash with soap and water. Remove contaminate clothing. **Inhalation:** Remove patient from contaminated area. In all cases, patient seeing a physician should follow emergency procedures.
