## INFORMATION

KeyPlex Motivate is applied to the soil, promotes root growth and may help increase tolerance to environmental stress. It is recommended that KeyPlex Motivate not be mixed with products containing Phosphorus. In unfamiliar mixtures use a "jar compatibility" test.

*Information regarding the contents and levels of metals in this product is available on the Internet at: <http://www.aafco.org/metals.htm>*

## WARNING

This product contains Boron. The use of KeyPlex Motivate on any crops other than those recommended may result in serious injury to the crop(s).

## DIRECTIONS FOR USE

KeyPlex Motivate may be applied to orchard trees via under-tree irrigation (drip or spray jet), herbicide boom or manual drench. Applications to vegetable crops may be made via drip irrigation.

**Citrus, Tropical Fruits, Peaches, and Other Deciduous Tree Fruits, Pecans and Other Nuts:** Apply 1 gallon of KeyPlex Motivate per acre to moist soil at root growth periods. Apply 1-2 inches of water to the soil immediately following application to carry KeyPlex Motivate into root zone of the trees.

**Tomatoes, Peppers, Cucumbers, Strawberries, Squash, Eggplant, Other Vegetables and Row Crops:** Apply 1 quart of KeyPlex Motivate per acre 2 weeks after planting, and 2 quarts per acre at full bloom via low volume irrigation.

# CAUTION

KEEP OUT OF THE REACH OF CHILDREN

## ANTIDOTE

**Ingestion:** Induce vomiting followed by bicarbonate of soda and water. **Eyes:** Rinse with copious quantities of water for at least 5 minutes. **Skin:** Wash with soap and water. Remove contaminated clothing. **Inhalation:** Remove patient from contaminated area. In all cases, emergency procedures should be followed by patient seeing a physician.
