- Compatible with most conventional adjuvants, fertilizers and pesticides
- OMRI Listed, NOP compliant, FIFRA exempt pesticide
- Easy on beneficial insects

Total Thrips per plant

of Nymphs per plant

The purpose of this trial was to evaluate Ecotrol Plus in a tank mix with Radiant to onion thrips control on onions grown in the Columbia Basin of Washington. This was a side by side study where a single foliar insecticide application was made. On half the field, Radiant SC was applied by itself. On the other half, Ecotrol Plus was tank mixed with the Radiant. A single evaluation was conducted 3 days after application.

For more information, talk to your local ag retailer about Ecotrol or contact KeyPlex at +1-407-682-6500 or email at keyplex@keyplex.com
